

Hanham Woods Academy

PE Curriculum Statement

Aspire

We raise the aspirations and ambition of our students by:

- Delivering a broad and varied curriculum encompassing a range of physical activities that develop students in a combination of individual and team activities.
- Stretching them and preparing them for life beyond Hanham Woods Academy by paying particular attention to character and how students learn.
- Developing students' ability to solve problems by challenging students in a wide variety of ways and promoting a culture of self-reflection.
- Placing a strong emphasis on the development of character, for example we promote resilience, tolerance and leadership.

Believe

Our students develop confidence and resilience through:

- Gaining physical competence and confidence.
- Developing skills such as teamwork, communication and analysis through the medium of physical activity.
- Encouraging effort and good attitude through positive role models.

Inspire

We create awe and wonder in and out of the classroom by:

- Providing inclusive yet challenging opportunities for all students to enjoy being active, able to learn, develop, achieve and have fun.
- Challenging and inspiring our students to participate in physical activity and lifelong learning.
- We provide many enriching opportunities for our students to develop, learn and grow, for example through an Academy ski trip, netball tour and an academy-wide Festival of Sport in which the whole academy is involved.

Achieve

We help students achieve highly at KS3, KS4 and beyond by:

- Developing skills beyond playing sport: students are encouraged to take on a variety of roles, developing their ability to work with others and lead their peers.
- Embedding a KS3 curriculum that is taught across the Cabot Learning Federation that builds on learning at KS2 and provides the foundation for KS4 and KS5
- Developing their literacy and technical vocabulary to allow them to analyse and evaluate performance.

Aspire, Believe, Inspire, Achieve
